Renovation Project

Guidance Notes

Dear Peter

Ralph has been welding the splits which we found in January however he has found numerous more splits and holes whilst he has been repairing the roof. These I have attached images, the nave roof has holes in the lead many have been repaired in the past, maybe beetle damage. To weld repair these holes and splits would cost a further **£950 + VAT**. Rob will start pointing tomorrow, the coping will be made and fixing later off a scaffold. please let me know if you would like the additional weld repairs carried out. Kind regards MARKUS
